**ARTICLE ON ROAD PROGRAM**  
The current number of the "Concrete Highway Magazine," a copy of which has just been received by the chamber of commerce, has as a leading article a story of the building of the new roads in Maricopa county. The account was written by James F. Horan, general manager of the Twoby Brothers company, and is well illustrated.

## OBITUARIES

**William Morgan Eddy**  
William Morgan Eddy, a resident of Santa Barbara county, California, for 35 years, passed away Thursday morning at the home of his niece, Mrs. Betty Ware Brown, of Los Angeles. In 1913 Mr. Eddy moved from California to Gilbert, Arizona, and has made his home there since that time. He went to Los Angeles two weeks ago after a lingering illness of about six months, thinking the change would be beneficial to his health, but he failed to regain it.  
Mr. Eddy was born December 25, 1862, at Beach Haven, Pa., and went to California when a small boy. He married Hanna Eliza Jameson on November 3, 1891, and beside his wife he leaves four children, Mortimer L. Eddy and Ida J. Hadlock of Prescott, Arizona, and John W. and Albert C. of Gilbert, and two brothers, George and Charles, and one sister, Fannie M. Parr of California.  
He had been a kind and loving husband and father, always a good, conscientious man with all whom he knew, and leaves many friends.  
Funeral services will be held at 10 o'clock tomorrow morning at the J. T. Whitney chapel. Interment will be in Greenwood cemetery.

## FEDERATION SENDS THANKS FOR CANDY

The following letter of appreciation for a gift of a large number of boxes of candy which had been made by the chamber of commerce to the Arizona Federation of Women's Clubs, in session at Salt Lake City, received yesterday by Secretary Welch from Mrs. E. J. Flanagan, president of the Arizona federation:

"It affords me a great deal of pleasure to thank the Phoenix chamber of commerce, through you in behalf of the women of the Arizona Federation of Women's Clubs for its generous gift of boxes of candy, which was placed at each plate of those attending the joint luncheon of Arizona and New Mexico, June 16, at the Newhouse hotel, Salt Lake City."

"I am sure that it will be extremely gratifying to you to know that you contributed in a great measure to our efforts to place Arizona prominently before the mid-biennial of the International and Coast Federation of Federated Club Women. I cannot imagine anything more effective as a publicity agent than this Arizona product. Judging entirely from the many favorable comments the right thing was done at the right time."

## PAVING PROJECT TO BE FINISHED NOV. 1

Twoby Brothers company yesterday told the supervisors that it expects to complete the \$4,000,000 paving project of the county by Nov. 1, provided nothing happens to interfere with the present plans.

The board called on Twoby Brothers to ascertain what the plan of the company were in regard to the paving of the Buckeye road. The company said it expected to be paving the Aravaipa river on the Buckeye road in about 30 days. The company said the paving of the Buckeye road would not interfere with plans to pave the roads in the Chandler district, as it expected to carry on both paving projects at the same time. More equipment will be added in order to have the same number of miles in the Chandler district as first planned.

In paving the Buckeye road west, Twoby Brothers will put a set-up at Liberty and another at Avondale and will pave the 18 1/2 miles of this project straight through without delay. They will notify the board in a few days of the progress of the work. Projects at the same time will be carried out.

## HIGHWAY BOOSTERS FLORENCE VISITORS

FLORENCE, June 25.—E. J. Koch of the Chandler Improvement company, Harry Vernon, Maricopa county engineer, W. W. Fickell, Maricopa county engineer in the project. They also have interested farmers along the highway from Goodyear to the foot of the mountain, and the farmers along the route have agreed to put their teams on the road and to furnish water from pumping plants along the way to pack the road once it is graded.

The people of Florence have wanted this road kept up because it is a much shorter route to Phoenix. In the past committees have gone before the Pinal county board of supervisors asking appropriations with which to repair this road to the foot of the mountain, the largest item of which would be placing the water in the washes. A delegation will wait on the Pinal county supervisors and endeavor to have provision made for taking care of the Pinal county end of this road.

At a meeting of the County Farm bureau grape marketing committee held Monday afternoon, arrangements were made whereby Duncan & Jack, Phoenix produce and commission merchants, will handle the Pinal county grape crop this season. Frank De Lodge, representing Duncan & Jack, was present at the meeting and after having visited the producing vineyards near Casa Grande, made an estimate of the crop and agreed to handle all the grapes produced on 15 per cent basis. He also agreed to put in two days at Casa Grande giving instructions in how to properly grade and pack the fruit which will be packed in regulation crates with four five-pound baskets to the crate. The commission house will supply all the necessary crates at a minimum of cost to the grower.

County Assessor Thad Moore was busy Monday passing out cigars to friends, the occasion being the arrival of little Irene Patraccia, who arrived at the county hospital late Sunday night. Both mother and daughter are doing nicely.

K. Mandell of the Harry Mandell company is managing the local branch here during the vacation of Leo Bloch, who left Wednesday for Tucson, N. M., where he will spend a month in the mountains.
